Unclaimed Capital Credit List

One advantage of belonging to a rural electric cooperative is receiving your share of Capital Credits. Any earnings left over after all expenses and/or reserves are paid are allocated back to members as Capital Credits. Capital Credits represent your share of the ownership and become part of the capital investment in your cooperative. Capital Credit allocations are based on the cooperative principle of business at cost. The following is a list of former members whose checks have either been returned to us or not cashed. If you know any of these people and they were members in 1998, 1999, 2000 or 2018 please have them contact our office so we can refund their Capital Credits to them.
